

11 QUICK TIPS TO ORGANIZE A Profitable Yard Sale

SET A DATE: The first thing you must do is set a date. This will give you a deadline to have the work done by.

GATHER BOXES/TOTES: You will need boxes/totes to put items in as you are cleaning out your house and garage.

SUPPLIES: You need stickers, markers, tape, hangers, change box, etc. to set up sale.

PRICE AS YOU PURGE: To make the process easier, price items as you put them in the boxes.

GATHER OR MAKE TABLES: You will need tables for the sale. If you don't have tables, you can make them from boxes flipped over and boards on top of them.

HANGING STORAGE: If you are selling clothes, hanging them is the best option.

ORGANIZE ITEMS: When you set up the sale, organize like things with like things; books with books, housewares with housewares, etc.

ADVERTISE: Advertise wherever you can. Newspapers, FB groups, Craigslist, etc.

GET CHANGE: You need change for the sale day. Make sure you have quarters, \$1's, \$5' and \$10's.

MAKE GREAT SIGNS: Put up bright, eye-catching signs with the address and arrows pointing to the direction of sale.

DONATE: Donate all items that don't sell.

TOP TIP

If you are serious about getting rid of things you don't use or want anymore, be prepared to negotiate! Your goal is to sell everything and not bring items back into your house or garage.
